WORK EXPERIENCE

Software Developer - AUROMA GLOBAL CONNECT

Nov 1 2023 – Present

- Utilized HTML, CSS, JavaScript, and Laravel to craft visually engaging and seamlessly functional web interfaces as part of professional work experience.
- Proficient software developer skilled in Laravel, Bootstrap, HTML/CSS, JavaScript, MySQL, and PHP. Specialized in crafting efficient and user-friendly web applications. Demonstrated ability to collaborate effectively in cross-functional teams and adapt to evolving project needs. Proficiently manage version control with Git for seamless team collaboration.

Full Stack Developer (&) Trainer - TOPSKILLED

(Nov 2022 – Oct 2023) – 1 Year Experience

- Utilizing front-end technologies such as HTML, CSS, and JavaScript to craft engaging user interfaces. Implementing React.js framework for building interactive and responsive components, enhancing user experience.
- Employing Material-UI library to ensure consistent and visually appealing UI designs across the application. Harnessing the power of Node.js for server-side development, enabling seamless data exchange and real-time updates. Incorporating Redux for efficient state management, ensuring smooth data flow throughout the application.
- Leveraging MongoDB as the database solution to store and manage structured data efficiently. Collaborating with cross-functional teams to understand requirements, architect solutions, and deliver high-quality software products. Participating in code reviews, debugging, and performance optimization to maintain the application's robustness and scalability.
