OVERVIEW

Diligent and motivated student poised to integrate academic knowledge into real-world scenarios. Armed with technical proficiency in various software and applications, coupled with the tenacity to tackle challenging tasks. Adept at time management, ensuring efficient project execution. Eager to apply skills and contribute to a dynamic work environment, fostering both personal and professional growth.

EXPERIENCES AS INTERN

SAP Code
Unnati on
Emerging
Technologies

08/2022 - 04/2023

Course/Intern

- Acquired in-depth knowledge of cutting-edge technologies, including:
- AI/ML
- IOT
- Cloud Computing
- Cyber Security
- Blockchain
- Applied theoretical concepts to hands-on projects, gaining practical experience in emerging tech domains.
- Collaborated with industry experts and peers, fostering a dynamic learning environment.
- Demonstrated adaptability and a keen understanding of the rapidly evolving landscape of emerging technologies.

Venom
Technologies

02/2023 - 05/2023

React Developer

- Elevated the user experience by implementing cutting-edge solutions for web application responsiveness.

- Crafted personalized web application designs, aligning seamlessly with client specifications and fostering heightened user satisfaction.
- Delivered top-tier end-user support, showcasing a 95% resolution rate for technical inquiries and adeptly managing helpdesk tasks.
- Applied specialized expertise to live projects, resulting in a 15% increase in project efficiency and overall success.
- Demonstrated effective leadership as a group leader, guiding the team to surpass project milestones with a 20% efficiency boost.
- Orchestrated collaborative efforts with cross-functional teams, optimizing synergy for project success.
- Innovated strategies to enhance development processes and ensure sustained user engagement.

**Maharshi
Udyog**

06/2022 - 07/2022

Web Designer, Web
Developer

- Conducted meticulous reviews, securing a 25% enhancement in website accuracy and optimal functionality.
- Managed the complete development life cycle, encompassing design, quality assurance, and control during the internship, resulting in a 30% increase in project efficiency.
- Applied hands-on expertise to live projects, contributing to a 20% improvement in project performance.
- Introduced creative design strategies to elevate visual appeal and user interaction.
- Spearheaded comprehensive quality control measures, ensuring the delivery of impactful web solutions.

EDUCATION

Bachelor of Engineering – Information Technology

2019 - 2023

IT Engineering

- Gujarat Technological University – Ahmedabad.
- CGPA: 7.93

Railway booking website (2020): Using PHP, HTML, CSS to make reservation ticket for customer and making it dynamic so that tickets and seats can be added through admin panel and would be shown booked if already booked by any customer

Distance measurement system (2022): Using the *Arduino uno* to collect the data in fields such as measuring the distance. Capture and display environmental, motion, attitude, directional, and navigation data. Using *Arduino IDE* to transfer data to the processing dashboard incorporating IOT.

Knowledge High School

06 – 2019

Higher Secondary School - Gujarat Board

SKILLS

Core Competencies:

- Quick decision-making
- Fast learner
- Problem-solving
- Attention to detail
- Teamwork
- Project management
- Safety and regulations
- Effective communication

Technical Proficiencies:

- React/Node
- Full Stack Development
- App Development
- CSS/HTML Development
- UI/UX Design
- Artificial Intelligence
- Programming
- Computer Skills
- Control Systems
