Back End Languages	: PHP and NodeJS
Frameworks	: Angular ,Ionic, React native and reactJs library
Library	: ReactJs and React native
Databases	: MySQL and MongoDB
CMS	: Wordpress
Tools	: Visual studio code, Notepad++,Sublime text, Atom, Android Studio and Xcode
Version Control	: Github, Bitbucket
Other	: Responsive design and CSS media queries

ORGANIZATIONAL EXPERIENCE

Letscool engineering Pte Ltd, Singapore (July'2019 to Till date)

[Full-Stack Developer]

- Developed full-stack web applications which processed, analyzed, and rendered data visually.

- Developed Hybrid Mobile applications and web applications using Ionic, JSON, Restful API, Angular, and other frameworks including SDKs and APIs to implement scalable products with many features and practical design principles.
- Managed time-sensitive updates, including content changes and database upgrades.
- Following the best practices for project support and documentation as set by the peers.
- Understanding & mapping client's requirements/enhancements to the product, implementing solutions that effectively resolve problems or provide improvement.

Mailsoft Solutions Private Limited, Chennai (Feb'2014 to June 2018)

[software Developer]

- Web development with experience in Custom web design with development and content management systems (Word press) to develop responsive websites. And also doing the project design, Support, and Project Execution.
- Mobile application development with experience in hybrid mobile app development. And also doing the project design, Support, and Project Execution.
- Implement code based on project specifications.
- Experience in Data entry team lead.

RECENT PROJECT HANDLED

Sgaircon (android, ios, and web application, super admin dashboard, vendor dashboard)

1. **aircon listing app**, order any brand new aircon and aircon servicing through this app. the listing contains full details of installer address, reviews, and total installation and pricing QR scanner scanning the aircon QR code to show the full details of aircon's recent servicing history (using FCM, QR scanner, social login, QR code generator).
2. **vendor dashboard**- multi-vendor(installer) support, the vendor can list the given aircon and manage orders.
3. **super admin dashboard**- it's handling the ecosystem, app listing management, vendor management, customer chats, customer management, order management, review management, employee management. can control each and everything through the super admin dashboard. charts available.
4. **technician app**- the order is forwarded to the selected employee through the technician app, the technician directly enters the customer's home then finishes the work.. every job status is trackable(updating process by process).

Inventory management(web)

Inventory management is used to keep incoming material lists, outgoing material. statistics of available stacks, month-wise stack usage, who used more material statistics etc.

Aircon contract(web):

This contract app is used to manage the upcoming event, pending events, and completed events.

Preventive-maintenance(web):

It's an aircon maintenance app. A huge quantity of aircon can be managed easily. Using a QR code method, the maintenance person checks the aircon so that when the aircon has any issue, it means making a request to the client, the client is approved then the maintenance person starts to solve the aircon. every status is trackable. while scanning the QR code we can see the aircon history.

EDUCATION QUALIFICATION

- Completed **BE** in the stream of **Computer Science and Engineering** from Dr.pauls engineering college in the year 2013 with an aggregate of 58%.
- Completed **HSS** from the State Board of School Examination in the year 2008 with an aggregate of 75 %.
- Completed **SSLC** from the State Board of School Examination in the year 2006 with an aggregate of 74 %.

PERSONAL DETAILS

Gender	: Male
Nationality	: Indian
Date of Birth	: 03-11-1990
Marital Status	: Married
Language knows	:Tamil and English.
Hobbies	: Playing games, listening to music, and Reading the internet on my topics of interest.
Strength	: Adaptive to the situation, Positive attitude, Good leadership quality and ability to withstand any kind of situation.
Address	: 548, Kallumedu Street, Kozhai post,Srimushnam taluk, Cuddalore district, Tamilnadu, pin-608703.

Declaration,

I hereby declare that all the above-furnished details are true to my best of knowledge and belief.
