About Us

ALPHATEX is a leading and trusted Textile sourcing & service company from India, offering premium quality Textile products to International markets from quality-focused suppliers in India. Based at Coimbatore, South India, we have branch offices in important regions across India for competitive sourcing and quality assurance.

The company was established by a Textile technocrat who possesses profound knowledge and over two decades of hands-on experience in textile exports.

We are committed to business values and focus only on **QUALITY** rather than **QUANTITY** as we believe in long-term association with our customers. We enjoy excellent rapport and trust with leading top-notch textile manufacturers in India and maintain a healthy and long-lasting business association.

We are facilitating export of around 100 fcls/month on a regular basis to quality-conscious customers in various markets, including **Europe, Egypt, Australia, China, Korea, Vietnam, Bangladesh, Sri Lanka, etc.**

Quality at Alphatex

Quality is the lifeline of our business and we never compromise on it.

Meticulous procedure of quality checking to ensure that each and every lot shipped to our customers is consistently good in quality in all aspects.

Unique, agile and reliable quality assurance system, which ensures our assurance and also makes us the frontrunner in this business.

End-to-end Quality Assurance. It starts from the careful selection of the supplying mills after our thorough audit and quality inspections during on-line & off-line production. Further, we do in-depth analysis of yarn quality by making GREY & DYED fabric trials.

Team of technical staff that is qualified, well experienced and has good practical exposure in all areas of Textile industry thus they make the best evaluation and take right decision on quality based on the end user's perspective.

QA offices in the important hubs across the country for better and prompt access of mills.

Our Strengths

Two decades of professional experience and strong association with textile industry.

Ample technical expertise to make best match of the buyer with the right supplier of desired quality, ensuring complete satisfaction of quality.

Best competitive pricing due to our regular and committed business volume with supplying mills.

Best of infrastructure, work culture, quality systems we associate only with supplying mills that fulfill our stringent criteria for good & consistent quality.

Vigilant quality checking to ensure consistent good quality.

Excellent rapport and trust with all leading and developing textile mills in India.

Exclusive selling arrangements with select suppliers with dedicated capacities.

Working closely with customers, we make the supplies customized and cost effective.

Gained confidence of various quality conscious customers worldwide.

Skilled professionals with more than 10 years experience ensuring best services for our customers.
