I am shobana.s I had completed MCA- MASTER OF COMPUTER APPLICATION in 2023 passed out. Additionally I had completed course certification as fullstack java developer.

Work Experience

Recent computer science graduate with a strong foundation in Java programming, web development, and a passion for learning and contributing to innovative projects. Seeking an entry-level position as a Java full-stack developer to apply my skills and knowledge to real-world applications and further develop my expertise in software development

PROJECT

Title: Deep Learning for Plant Species Identification

Roles and Responsibilities:

Algorithm Implementation:

Implemented and fine-tuned deep learning algorithms to enhance plant species recognition.

Dataset Management:

Curated and managed extensive labeled plant image datasets, ensuring data quality for neural network training.

Model Development:

Designed and developed neural network architectures to extract distinctive features for accurate species classification.

Training and Optimization:

Conducted comprehensive training sessions to optimize neural networks, achieving high precision in species identification.

New Image Classification:

Spearheaded the creation of a model for precise classification of new plant images, expanding capabilities in real-world scenarios.

Contributions to AI Advancements:

Played a key role in advancing AI-driven plant species identification through innovation and cutting-edge technologies.

Education

MCA in Master of computer application

C.Abdul Hakeem college of engineering and technology - Ranipettai, Tamil Nadu

January 2024 to Present
