

Sagar Wadalkar
QA Automation Engineer

Email : Sagarwadalkar1@gmail.com

Phone: +91 9270004871

OBJECTIVE:

To Obtain a position with a promising, growing, prestigious, organization to contribute the value of my diverse academic and professional experience while offering me a challenging opportunity and growth in the areas of Software Testing and Quality Assurance.

EXPERIENCE SUMMARY:

- I have **4 years of Experience** in Software Testing which includes Web and Mobile Applications.
- Strong Experience in Automating the **Website** and **Mobile** Applications with Appium.
- Strong Experience in Software Development Life Cycle and Strong knowledge of Software Testing Life Cycle. Performed Black Box Testing, Functional, Non-Functional, Integration and Regression and Retesting, UAT, Compatibility.
- Good experience in testing applications in an Agile development environment.
- Experience in building Frameworks, tools, and utilities for Automating testing tasks.
- Good understanding of Core JAVA, OOPS Concept, and String.
- Actively involved in reviewing test cases and preparing Traceability matrix.
- Very good experience in Smoke, Sanity, Ad-hoc Testing, and Globalization.
- Experience in preparation of Test scenarios, Test cases, Test case reviews, Test data collection, Test execution, and Defect reporting
- Test case Design and execution to meet customer Requirements. Logged defects and reported using the defect management tool JIRA.
- Good experience in Web services testing via Tool (POSTMAN) API Testing.
- Experience in writing Xpath Expressions to identify web Elements.
- Executed test scripts on IE, Firefox, and Google Chrome.
- Good understanding of Dynamic Xpath and Iframe, Popups, and List Box.
- Have experience in Data Driven Framework (DDF).
- Good experience in TestNG, Annotations, and keywords, and designing POM (Page Object Model) classes.
- Experience in Automating Web Application Testing using Selenium Webdriver with TestNG framework.
- Good understanding of Build Automation tool i.e. Maven.
- Experience working with version control, build & deployment, and test management tools (GIT, Jira)
- Experience working in all phases of software testing right from requirements analysis up until QA/UAT sign-off and release to live.
- Involved in delivery reports like Daily Status Reports, Weekly Status Reports, and execution dashboards.
- Strong communication and collaboration skills.

TECHNICAL SKILLS:

- Automation Technology – : Selenium Web driver, Appium
- Programming language – : Core Java.
- API testing tools – : Postman.
- Frameworks used- : Data-driven & POM Framework.
- Additional Frameworks – : TestNG.
- IDE tool – : Eclipse, IntelliJ IDEA
- Integration & Repository tool- : GIT, Jenkins.
- Design Patterns Implemented : Page Object Model, Page Factory
- Bug Tracking – : JIRA.
- SDLC Methodologies - : Agile Methodologies.

EDUCATIONAL QUALIFICATION: -

MCA (Master Of Computer Application) Sinhgad Institute of Management (SIOM) – Pune, Maharashtra.

PROFESSIONAL EXPERIENCE SUMMARY:

- NP IT Solutions Private Limited, Nashik. (March -20 to May-23)
- Hyperlink Infosystem Pvt Limited, Ahmedabad. (May-23 to Feb 24) LWD (29-Feb).

PROJECT:

Project-1:

- **Project Name** : My Tatva
- **Client** : Zydus
- **Domain** : Healthcare

Responsibility:

- I am working as an Individual Contributor. Handling Automation Testing with Website and Mobile with Appium.
- Developed Automation Test Scripts.
- Understanding the requirements and communicating with the BA team for a better understanding of the requirements.
- Generating the Test scenarios and Test cases.
- Generating Regression Test scripts by extracting the requirements that need to be tested from available documentation and liaising with the relevant people.
- Creating POM (page object model) and Test script for the framework.
- Designing and implementing of TestNG framework with Web driver.
- Performed parameterization to implement Data Driven framework.
- Active participation in weekly/daily status calls.

Project-2:

- **Project Name** : Miami
- **Client** : USA.
- **Domain** : Ticket Booking

Responsibility:

- I am working as an Individual Contributor. Handling Both Manual and Automation Testing with Mobile Applications with Appium Tool.
- Execute the Test Case and defect Tracking.
- Involved in Development/Scripting and Execution of test cases
- Performed Smoke, Functional, System Integration, Retesting, Regression testing.
- Developed Automation Test Scripts.
- Participating in the Function and Regression Test.

Project-3:

- **Title** : **Sound IT**
- **Domain** : Social Media Platform

Responsibility:

- Supported in Different types of test validations.
- Guided team members for writing the automation script
- Helped to correct errors, debug the codes, and troubleshoot the software code for any significant issues. and identify potential solutions to the issues.
- Helped to develop effective strategies and test plans.
- Helped to Design Framework.

Project-4:

- **Title** : **AMS Ultra**
- **Client** : American Medical Software, USA.
- **Domain** : Health Care

Responsibility:

- Understanding of SRS, Mapping sheet and Created Test Cases from it, Execution of Test Cases.
- Incremental Testing, GUI Testing, Functional Testing of Enhancements & Regression Testing of Defects.
- Prepared Test Scenario and test case design, and Reviewed it.
- Performed Functionality Testing, Retesting, and Regression Testing.
- Involved in the Behavioural, Input Domain, Error Handling, Calculation, Base, Service Level Coverage.
- Register the defect in JIRA.
- Preparation of Test Requirement Mapping and generating Test reports.

Project-5:

- **Title** : **Erasustain**
- **Domain** : Social Media

Responsibility:

- I am working as an Individual Contributor. Handling Automation Testing with Mobile and Website.
- Developed Automation Test Scripts.
- Incremental Testing, GUI Testing, Functional Testing of Enhancements & Regression Testing of Defects.
- Prepared Test Scenario and test case design, and Reviewed it.
- Performed Functionality Testing, Retesting, and Regression Testing.
- Active participation in weekly/daily status calls.

Declaration:

I hereby declare that the data furnished above by me is true to the best of my knowledge.
