PROFESSIONAL SUMMARY

Experience in Automation and Manual testing for software Quality Assurance (SQA) For 3+ Years and Knowledgeable in open-source Automation tools (Selenium, agile, soap UI) familiar with Object-Oriented Programming in java.

KEY SKILLS

- SQA Tools & Best Practices
- Test Cases, Plans & Scripts
- Defect & Bug Discovery
- JAVA
- SQL
- Manual Testing
- Api testing
- Web Service testing
- Automation testing
- Program logic & optimization
- Agile methodology and soap UI
- System & unit testing
- Selenium & jira tool Experience
- Github & Jenkins
- Postman tool
- Maven

CONTRIBUTIONS

- Responsible for All documentation regarding software testing activity
- Good Experience in JAVA, OOPS Concept and good Knowledge of Collection framework, Array and String class

- Experience on development of POM Classes and TestNG Classes in Automation Framework.
- Experience in Build Management Tool which is Maven for the Data Driven Framework.
- Worked on Repository management tool like GitHub
- Good understanding of Automation life cycle and Quality process
- Able to run the Test cases for all browsers namely IE, Chrome and Firefox And Proficient in Test Automation using Selenium Tool.
- Performed Automation testing using Selenium on Web based (Browser) application.
- Good Knowledge in various Frameworks like Data Driven Frameworks And Experience in developing the scripts using TestNG annotations.
- Good experience in creating, modifying, and enhancing both manual Test cases and Test Scripts created in Selenium Web Driver.
- Developed User Defined functions to support the automated scripts. Used the Data driven Testing using Selenium
- Good at identifying business component and designing the same
- Experience in writing X-path Expression To Identify web element by various locator
- Very Good understanding of Software Development Life Cycle (SDLC) as well as Software Testing Life Cycle (STLC).
- Experience in analyzing business specification requirements documents and Involve agile sprint test plan
- Responsible for Designing and executing test cases to ensure that business requirements and Functional specifications are tested and fulfilled by Coordinating and communicating with BA team
- Extensive experience in System, Functional, Regression, Re-Testing, Compatibility, Smoke, Sanity, GUI, Performance, Globalization Testing.
- Worked on V-model and Agile Methodology

- Expertise in Defect tracking and Bug Reporting tools like JIRA and Excellent understanding of Defect status lifecycle.
- Worked on Agile methodology and Participated in Scrum Meeting to discuss the Test status report
- Wrote SQL queries to access the data from the database tables to ensure data integrity
- Good Experience to perform Web Service Testing and API testing with the help of SOAP UI Tool and Postman tool.
- Responsible for All documentation regarding software testing activity Gujarat

WORK EXPERIENCE

Working as Software QA Engineer in Rushkar Technology Pvt.Ltd, Ahmedabad Gujarat from Dec 2020 to up till date

PROJECT

Project-1

Project Name :- **Designing Digitally**

Domain name :- **E Learning**

Roles & Responsibility :-

- Requirements analysis & analyzing the requirements and communicating With BA team for better Understanding of the requirements
- Designing And Executing Test cases According to its Functional Specifications
- Participate in test case Review.
- Regression testing Performed after Each new build of the Applications
- Performing functional Testing and Regression testing Identification of defect And Assigning to respective person in UTM also monitoring builds runs in TC (Team city) and reporting them to the lea

Project -2

Project Name :- Shipyard Brewing

Domain Name :- Beverage Domain

Roles & Responsibility :-

- Responsible for gathering test execution data on daily basis and sending mail.
- Responsible for getting clarification from the Development Team regarding defects.
- Responsible for sending progress reports on the weekly basis and resolving technical issues.
- Performing Functional Testing and Regression Testing, Globalization Testing, Cross Browser Testing, Web services Testing, API Testing, UI Testing and Automation Testing using Selenium Webdriver with JAVA
- Identifying test cases for Regression Suite and updating the script accordingly
- Developing POM classes and Test classes
- Used existing Data Driven Framework for the test script execution

EDUCATION

B.E (Bachelors of Engineering) from Babasaheb Ambedkar University
Aurangabad

PERSONAL DETAILS

Name : Mohsin Atar

Date of Birth : 02 Jan 1992

Marital status : Married

Phone Number : 9763812667

Languages Known : English, Hindi & Marathi
