09-08-1996

Summary

I have directly conducted many experiments in sales and marketing and devised many strategies. Has the maturity and ability to learn easily even if the job is new. Motivating others more and understanding their mindset and working with them will surely play an important role in the growth of the company.

Professional Experience

Own Business

SELF EMPLOYED

MAY 2017 - PRESENT

- ★ Buying bamboo directly from the producer and storing it in a place at home.
- ★ Firstly, sorting the stocked bamboo, cutting it and carving it into length and fine for basket weaving.
- ★ Secondly, the carved bamboo is subjected to various types of basket production as per requirement.
- ★ Moreover, distributing woven baskets to nearby shops and selling to small traders from home.
- ★ Furthermore, go directly to the field, trade and use a variety of strategies to increase sales and overcome their shortcomings.
- ★ Finally, even if the workload is heavy at times, getting it done on time and doing the tasks with ease and respecting that work for us.
