➤ PROJECT

MINDFUL CAMPUS -2023

This comprehensive app aids college students' mental health with a mood tracker for personalized insights, stress management tools like meditation and breathing exercises, and self-care resources covering nutrition, exercise, sleep, and mindfulness. It includes menstrual cycle guidance and hygiene tips. Mental health support offers access to counseling, crisis hotlines, and online groups. Community features like forums and events encourage peer connections and support. Additionally, it promotes physical activity with exercise and yoga guidance, emphasizing their benefits. Overall, the app equips students with tools, resources, and a supportive community to prioritize mental health, fostering well-being throughout their academic journey, while specifically aiding in effective period management for female students.
