Objective

A passionate frontend developer with one year of hands-on experience in creating user-friendly and visually appealing web applications. Skilled in HTML, CSS, JavaScript, and responsive design, seeking opportunities to contribute and grow in a dynamic development team.

Experience

- **Frontend Developer | [Segolsys] | [Erode] | [July - 2022] - [August - 2023]**
- Collaborated with cross-functional teams to design and implement user interfaces for web applications, ensuring seamless user experiences.
- Developed responsive websites that maintained consistent performance across different devices and browsers.
- Translated UI/UX design wireframes into working code, ensuring pixel-perfect representation of designs.
- Improved website load times by optimizing code and assets, resulting in a 20% reduction in page load times.
- Participated in code reviews, providing constructive feedback to team members and improving code quality.

Roles And Responsibilities

- Write clean, efficient, and maintainable code using HTML, CSS, and JavaScript, while conducting rigorous testing to identify and fix bugs and issues
- Develop and maintain user-friendly, responsive web applications and interfaces, ensuring seamless user experiences across various devices and browsers.
- Implement responsive design principles to ensure the application looks and works well on various screen sizes, from mobile devices to large desktops
- Optimize website performance by minimizing load times, improving page rendering, and employing techniques like code minification and image compression.

Skills

- Html5
- Css3
- Media Query
- Responsive Designs
- Bootstrap
- Figma
- JavaScript
- React js basic
- GitHub
