

# ANOOPKUMAR R.

## PRODUCTION MANAGER - FABRICATION.

Engineering expert with 16+ years of proven experience as a part of machinery fabrication and project management, scheduling and increasing the efficiency of production, new product development, documentation, AutoCAD drawings, team management, installation and commissioning in heavy fabrication industry.

 - anoopkmr005@gmail.com

 - +91-8875751994

 - Kerala State, India.

 <https://www.linkedin.com/in/anoopkumar-r-a2935321>

### PROFILE SUMMARY.

- Overseeing the entire plant operations which includes manufacturing of machineries, estimation & costing, project plan preparation, assisting purchase department, new product development, installation by expertise lies in identify and implanting innovative solutions to enhance productivity, reduce costs and maintain quality standards with the help of well set safety measures.
- Have a good experience in documentation part such as Method statement, Material submittal, Production Plan Approval Process, Failure reports & Inspection Test Plan.
- Managing tight deadlines to complete projects and production related activities safely.
- Overseeing operation for improvement in existing products with the coordination of design department and client.
- Initiated viable solutions to improve production cost, process, product quality and team.

### KEY SKILL HIGHLIGHTS.

- Production Planning
- Budgeting, Documentation
- Project Management
- Plant setup & Commission
- Quality Management
- Material Management
- Heavy Fabrication Project
- Manpower Management
- Client Handling
- Design Process
- New Product Development
- Method Statement, ITP, Material quality test reports preparation

### LIST OF PRODUCTS HANDLED.

- Turn Table for track change
- Steel Hoppers
- Jib Crane
- Filter Press Machines
- Block Cutting Machines
- Sedimentation Steel tanks -171 Kilo Liter in capacity
- CNC machine erections
- Pipe line fabrications
- Vehicle body fabrication
- Polishing Machines
- PEB Fabrications
- Mobile ramps
- Refurbishment of Containers
- GRC Box development

- Trolley motorization
- Overhead crane erection
- Steel stair cases.
- Wall cladding panels
- Different types of machine manufacturing for stone industry
- Diesel tank fabrication
- Bull nose machines.

## WORK SUMMARY.

Designation: Production Manager

Total Experience: 16+ Yrs

Industry: Heavy Metal Fabrication Units

Company Name	About Company	Designation	Time Frame
HydroPress Industries @ Coimbatore, Tamil Nadu	Filter Press machine Manufacturing	Production Manager	2023 to present
Stone Shippers Limited @ Kota, Rajasthan	Paving Stone Manufacturing	Project Engineer	2016 to 2022
Quality Engineering W.L.L @ Doha, Qatar	Engineering	Project Engineer	2011 to 2016
Elite Extrusions L.L.C @ Sharjaha, United Arab Emirates	Aluminum Manufacturing	Quality Controller	2007 to 2010
D.C.M Shriram Rayon's @ Kota, Rajasthan	Yarn Manufacturing	Project Supervisor	2004 to 2006

## ROLES AND RESPONSIBILITY.

- Reported to General Manger – Unit Planning and Maintenance. Responsible for equipment at time & plant maintenances..
- Responsible for installation and commissioning of new machines.
- Generating fabrication and erection plan, which comprise of BO preparing according to the drawing, material planning, man power and machinery planning to finish the product at the right time.
- Preparing AutoCAD drawings in 2D, 3D for project related activities.
- Supervise fabrication yard activities like fit up, welding, assembly as per drawings.
- Co-ordinate with the sub-contractors and interact about fabrication, pre fabrication activities and assembly stages.
- Ensure compliance with safety procedures and quality standards.
- Coordinates with the vendors for all technical issues and clarifications regarding the Raw material and products during Goods Receipt Note (GRN), production and Quality Analyses.
- Discussing and solving complex problems with manufacturing departments, sub-contractors, suppliers and customers.
- Documentation, Budget preparation, Preparing Engineering drawings by using AutoCAD.
- Reviewed constantly the management feedback and try to improve the services level myself.
- Planned, supervised, and coordinated daily activity of 3 junior staff and a team of 50 members.
- Successfully managed 25 cores budget projects and scheduled goals.
- Raw material arrival scheduled & Execution of fabrication schedule preparation.

- Co-Ordination with purchase dept time to time informing the changes in the revision drags.
- Co-Ordination with management about project updates.
- Preparing client bill for every month and co-ordinate with client to get approval.
- Collaborating with other engineers and technical personnel to develop instruction and training manuals where required.
- Follow up on material requirement at site with head office and coordinate with clients.

## **MAJOR PROJECTS HANDLED.**

- Filter Press machine manufacturing.
- New factory construction jobs both Civil and Mechanical, area covered is 124,800sqmtr, including water treatment plant and its circulation systems.
- Pre-Engineered Building fabrication & Central Ordinance Depot under sub contract with L&T LTD.
- Mockup steel building for Doha Convention Center.
- Secondary steel panel framing for New Doha International Airport projects.
- Total documentation done for New Doha International Airport, this consists of Method Statement, Inspection Test Plan and Material Test Reports.
- Rayon Tire Yarn spinning machine project this includes overhauling of gear boxes and whole machine parts.

## **EDUCATION DETAILS.**

### **Diploma in Engineering: Mechanical- 2004.**

Kerala University - Kerala, India.

### **Certified in Course on AutoCAD for Mechanical Engineers - 2018.**

CADD Centre Training Services - Kota, Rajasthan.

## **PERSONAL DETAILS.**

Name	: Anoopkumar R.
D.O.B	: 16/02/1982
Language Known	: Hindi, Malayalam, Tamil & Malayalam
Permanent Address	: Chittadathu House, Chennithala P.O, Mavelikara Taluk, Alleppey dist, Kerala State, India - PIN 690105.
