- \* Operational and Maintenance of Transformers upto 630KVA
- \* Operational and Maintenance of Diesel Generator upto 125KVA
- \* Operational and Maintenance of Motors upto 60HP
- \* Operational and Maintenance of Power Control & Motor Control Panels

## 💡 PROJECTS

### Design and Assembling of Electric Two-wheeler

• E-Bike is an Eco-friendly electric and power-assisted bike. It is one of the fastest-growing technology of the automotive industry. Nowadays, most of the countries are using electrical bikes.

• The use of electric vehicles is always green to the environment. Just think of E-bike in place of petrol-operated scooters rather than a normal bike.
