SUMMARY

Passionate Frontend Developer with a knack for creating intuitive and high performing web applications.

As a final year student specializing in Front End Development, my university education has equipped me with an extensive understanding of coding and programming principles. Throughout my academic journey, I have adeptly applied this knowledge in various projects, demonstrating proficiency in HTML, CSS, and JavaScript. I am proud of my accomplishments and the quality of work I have delivered.

EDUCATION

Bachelor of Science in Computer Application

[University of Madras](#)

📅 2021 - 2024

HSC (Maths With Computer Science)

[SMD Hindu Govt Hr.Sec School](#)

📅 2019 - 2021

SSLC

[VOC Matriculation School](#)

📅 2018 - 2019

PROJECTS

Personal Portfolio Website

- * Gained proficiency in front-end web development by building a fully functional portfolio website.
- * Demonstrated skills in HTML, CSS, and JavaScript through the creation of an engaging and user-friendly interface.

E-Commerce Website

- * Develop a basic e-commerce product display page where users can view products, their details, and add them to a cart (without implementing actual payment processing or user authentication).

STRENGTHS

Coding Expert

Proficient in HTML, CSS, JS

Unique Talent

Fast Learner Proven capacity to quickly grasp new concepts, technologies, and method

Problem Solver

Innovative approach to challenges
