RESTAURANT TABLE RESERVATION APP

(<https://github.com/arun2604/restaurant-table-reservation>)

- Developed using HTML, CSS and JavaScript
- This helps customers to reserve their table from their location
- The main page contains popular dishes available in the restaurant and navigation bar which brings user to other pages like table reservation or menu page which contain all of the menus that are available in the restaurant
- User have to specify their name, how many persons, date and time to reserve a table. User datas are stored in the local storage

CRUD APP USING REDUX (REACTJS)

(<https://github.com/arun2604/new>)

- Developed using HTML, CSS , REACT and REDUX
- If the user can add data using add user button in the main page
- After enter the data clicking on the add button will dispatch adduser action and store it in the redux store, and display it
- User can edit or delete the data using edit or delete button

NEWS APP (React.js)

(<https://github.com/arun2604/news>)

- News are fetched from the Api
- Displayed one by one in the browser

REACT MOVIE RECOMMENDATION APP (React.js)

(<https://github.com/arun2604/moviesuggestion>)

- Developed a SPA using React.js and Google Firebase
- It is a basic movie recommendation app where user can find the movies details based on their requirements
- If the user is new to the web site, they can register their E-mail and password in the signup page, these details are stored in the Firebase database
- In the login page If the user enter the E-mail and their password it will be checked from the existing data in the firebase
- Those details are correct then two questions will appear like which genre of movies based on that the movies will appear
- The user can search for a particular movie using search box

WEATHER APP (REACT.JS)

(<https://github.com/arun2604/weather>)

- Used API for fetching data
- Based on the city name that the user given , weather details are fetched and displayed

Bharathi Metric HSS –Tamil Nadu

- 86.58 %

10: Secondary School Leaving Certificate

2013 - 2014
