Objective

Looking to start my career as a software developer,eager to learn skills and collaborate with the team and develop my skills and knowledge with which I can contribute to the organisation growth

Education

- M.P.Nachimuthu M.Jaganathan Engineering college,Anna University
B.E(ece)
CGPA :8.02 2024
- Model school,chellampalayam
12th (HSC)
58% 2020
- St,Michael higher secondary school, anthiyur
10th (SSLC)
80% 2018

Skills

- HTML CSS PYTHON C Designing

Projects

- Automatic hand sanitizer by using iot
Usually, it is inbuilt with a photo-sensor. When hands place close to this sensor, it senses the motion. The variation triggers the solenoid valve, and a fixed quantity of the liquid comes out
- Ecommerce Website by using HTML,CSS
Strengthened HTML and CSS skills through hands -on experience in creating a functional website

Achievements & Awards

- I got certificate in karma dev for embedded system
- I got certificate in eduprep application for python
- I got 2nd mark in 11th STD (SSLC)

Interests

- I have interest in designing and sketching like portrait pencil shading

Languages

- English Tamil Malayalam

Personal Details

- Father name :M.A.Bhaskaran
Mother name: R Vasanthi
