EDUCATION

B.E - Computer Science and Engineering

Anand Institute of Higher Technology (I have scored 8.09 CGPA in BE)

📅 08/2019 - 06/2023   📍 Chennai

12th

Green park matric higher secondary school(I Have Scored 59% in HRS)

📅 04/2018 - 05/2019   📍 Tittagudi

10th

Sathya saai matric higher secondary school(I have scored 85% in SSLC)

📅 04/2016 - 05/2017   📍 Tittagudi

PROJECT

Project based on web applications Inventory Management system(Mini Project)

📅 03/2020 - 06/2021

Using PHP, HTML, CSS, JavaScript, and the latest connectivity tools

Customer Care registry-IBM Project

📅 09/2022 - 11/2022

Developed and maintained a comprehensive customer care registry to track and manage customer inquiries, issues, and resolutions efficiently. Implemented data organization and categorization strategies to enhance workflow and response times. Regularly generated reports and analytics to identify trends and areas for improvement in customer service processes.

CryptoCurrency Price prediction Using In Machine Learning-(Main Project)

📅 03/2023 - 05/2023

Implemented a Bitcoin price prediction system using machine learning techniques and historical cryptocurrency data. The project involved data collection, pre-processing, and feature engineering to prepare the data set. Various machine learning algorithms, including time series models, were tested and tuned for prediction accuracy.

STRENGTHS

Patience
I am patient and can stay calm under pressure.

Discipline
I am disciplined and follow schedules and deadlines.

Determination
I am determined to achieve my goals.

Dedication
I am dedicated to my work and give my best effort.

Adaptability
I get along well with people and can easily adjust to new circumstances.

PASSIONS

Travelling
I love to explore new places and cultures.

Investing
I am interested in financial markets and investing.

SKILLS

Core Java   Automation testing

Selenium   Maven   Junit

TestNg   Cucumber

Manual Testing   API Testing

Mobile Testing   Jira   Jenkins
