Projects

Stickynote CRM

About Project : An app specially designed for the Insurance Advisors of India.

Project Responsibilities: Conducted user research, competitor analysis, created user flows, low-fi wireframes, and implemented more than 30 UI designs.

Challenging problems: played a crucial role in converting local DB data into the cloud and introduced dashboards and subscription plans, leading to a 40% increase in active users.

Vasoolbook

About Project : Vasoolbook is an Invoicing and Business Accounting Platform for the SMEs and Self-Employed Professionals of India.

Project Responsibilities: Responsible for maintaining design across Android and the web. Conducted usability testing with more than 30 users to better understand user behaviours and usability patterns on responsive devices.
